Tip!

The trick to this look is to keep the volume at the crown - if hair sits too flat, it will look limp

Sleek locks like Kim Kardashian's are always in vogue

Look 2 SUPER-STRAIGHT & SLEEK

- 1 Apply a little volumising spray directly to the roots of damp hair, concentrating on the crown, before blasting with a hair dryer.
- 2 Generously apply a heat protection spray all over the head. Section hair, then run a straightening iron over each section two to three times until smooth.
- 3 Lightly apply smoothing serum to tame any flyaways and finish with a mist of shine spray over the lengths.

Look 3 UNCOMPLICATED UP-DO

- 1 Spritz a texturising spray onto damp, just-washed hair. Tip head forward and blow-dry from the underside to create volume and texture.
- 2 Roughly section hair and use a hot roller on each section, winding from the ends up to the mid-lengths. Allow 10 minutes for the rollers to cool and set before misting with hairspray and releasing the rollers.
- 3 Gently loosen the curls by dragging your fingers through the hair. Roughly gather hair at the side of the nape of the neck and secure with an elastic band, making sure you leave a few thick tendrils framing the face.
- 4 Use bobby pins to pin the ponytail into itself to create a messy chignon and set with hairspray.

A textured up-do like Rachel Bilson's goes perfectly with halterneck dresses

Cheat Sheet Transform your look in an instant with these fab styles

Kate Bosworth works the side ponytail

- Scrape hair into a high pony and twist into a bun for a trendy topknot.
- Part hair in the centre and gather into a smooth low pony.
- Gather hair roughly into a side ponytail at the nape of the neck for a relaxed style.
- Tip hair upside down as you blow-dry and spritz with texturiser for beachy volume.
- Sleep with braided hair overnight and release the next day for relaxed waves.
