Step 3:

Comb in your part, or sweep hair backwards with a paddle brush until a sleek shape starts to form. Once you're happy with the look, spritz all over with a lightweight hairspray – it'll set the styling product in place without weighing hair down.

TRY: L'Oréal Paris Elnett Normal Strength Hairspray [3], \$9.95, 1300 669 359, woolworths.com.au.

Step 4:

If you're wearing your hair up, pull it back into a low pony, then secure with a hair bungee (they cause less rippling than regular elastics). For a less sporty, more sophisticated look, plait the pony then wind around into a bun and pin.

TRY: Salon Smart Bungee Bands [4], \$9.95 for pack of 6, 1800 251 215, i-glamour.com.

**BRYLCREEM:
NOT JUST FOR
THE BOYS**

This old-school groomer gives hold and serious shine to slick styles.

Brylcreem Protein Enriched, \$6.82, from Coles, 1800 061 562, coles.com.au.

Try these combos:**DEWY SKIN • SEMI-SLICKED**

Shiny on the crown, soft (and dry) on the ends – it's wet-look for beginners. Glow skin is key: fake it by using a highlighter on cheekbones.

St. Tropez Skin Illuminator in Gold, \$29.95, 1800 358 999, sttropez.com.au.

Tresemmé Smoothing Creme, \$7.99, 1800 061 072, chemistwarehouse.com.au.

RACHAEL TAYLOR

SMOKY EYE • SUPER-SLICKED

Great for big-deal events, it's sexy but restrained. For a day-friendly version, go for a chocolate shadow instead of black.

Napoleon Perdis Color Disc in Queen of the Night, \$29, 1800 814 572, napoleonperdis.com.

VO5 Wet Lock Styling Gel, \$4.49, 1800 061 027, woolworths.com.au.

EMMA WATSON

BRIGHT LIP • SLICKED PONY

Pretty and modern – the kind of look boys and girls like. Keep the rest of your make-up simple to max the power of the shine.

Revlon Super Lustrous Lipstick in Ravish Me Red, \$21.95, 1800 025 488, bigw.com.au.

Malin+Goetz Hair Pomade, \$34, from Mecca Cosmetics, 1800 007 844, meccacosmetics.com.au.

**IT MIGHT BE CALLED THE WET-LOOK...**

...but it works best on dry locks. "Don't slick back damp hair. It looks great to start with, but quickly dries out and goes flat," says Remya Xydis, hairstylist and creative director at Valenz Haircutters. Blow-drying before you apply product means it'll last all night (and not just 'til you walk out the door).

HANDS OFF YOUR HAIR!

'Avoid touching the style – it'll go claggy fast and you'll put dents in your hair,' says Xydis. May we suggest keeping your digits busy with a game of Temple Run instead?
