PISCES

dos: Persistence is key to getting what you want now. So, refuse to take "No" as an answer from anyone. Not to say you should act out like a bully, but when it comes to getting ahead, this is your time to make major headway by staying true to your dream. Trusting the work you put out now will equal getting the power you've always dreamt of right in the palm of your hands.

don'ts: You may be madly in love at the start of the month, but sudden flashes of being hot and cold can have you confused by the end. To keep yourself intact, remain as independent as possible and avoid making a commitment. The answers you need will become clear in time.

HAIR MATCH: BaBylissPRO Portofino 6600 Nano Titanium Dryer, \$124.95

TAURUS

dos: Love is in the air, but to make the most of it, you'll need to get serious and choose one boy to focus on. While it's fun to flirt and keep many dangling, this routine will get tired quickly. Now is the time to learn about the splendours of teamwork, but it won't happen unless you initiate it and stop playing games.

don'ts: Experience won't get you far right now. So, whatever crossroads you are facing, use your gut instincts to move ahead, as that will be your strongest ally. Besides, as it stands, there are too many surprises coming at you, so thinking fast on your feet is best, while overthinking will only do damage.

HAIR MATCH: Argan Oil by BaBylissPRO Oil Treatment, \$34.95

GEMINI

dos: Explore friendships with people you never thought to reach out to, as new bonds are possible and can happen in the most bizarre places. Exciting social happenings are on the agenda, so don't be scared to take invites from unexpected faces. The bigger step you take out of your comfort zone, the more exciting the adventures will be.

don'ts: Forget trying to push parents to bend the rules, as this month their authority is serious and you'll need to play by the books to keep the peace. However, to ensure your next month works out in your favour, lend an extra helping hand with chores now, as stocking up on the karma will result in bigger returns later.

HAIR MATCH: Parlux 3800 Eco Friendly Ceramic & Ionic Dryer, \$189.95

CANCER

dos: To set the stage for love with your latest catch, be honest from the very beginning. This means sharing who you are, flaws and all. Otherwise, pretending you're some perfect version of yourself will only weird him out and bite you in the end. It's your quirkiness and sense of humour that will be what endears him the most to you now, so don't hold back!

don'ts: Acquaintances will come and go, so don't get too caught up trying to show off to people you meet or sell out real friends to hang out with a faster crowd. As it stands, this month your popularity can increase, but only if you understand that it's about being real, rather than trying to be too cool for school.

HAIR MATCH:
BaBylissPRO C
Styler, \$99.95

LEO

dos: Bonding with friends will be what makes you happiest now. So, plan more one-on-one time with your BFFs, over group activities, as you'll need more intimate moments to really set the stage for you to express and exchange your feelings, hopes and fears. Plus, doing things like shopping as a pair, versus a gang, will be way less hectic and can prove to be stress-reducing.

don'ts: Juicy information is coming and aiming right for your ears, but despite how hot the gossip, you must maintain your urge to purge. Yes, even despite this person not being your closest friend, your loyalty still matters and if you wind up leaking any part of their secret, you will risk your rep as a true friend.

HAIR MATCH:
Toni&Guy Super
Sleek Straightener, \$59.99

VIRGO

dos: You'll have the stars and moon behind you in all matters of love, so take some chances to get closer to your crush. If you've been dating, introduce him to your friends and/or family. If you've been flirting, then take that leap of faith and ask him out. No matter what you desire, chances are he'll say all the things you need to hear now.

don'ts: Although you'll be itching to change your look in a drastic way, don't. Instead, try out temporary changes, like different accessories or experimenting with new shades in your makeup palette. Otherwise, a bout of indecision mid-month will make you regret any big choices you make.

HAIR MATCH: Macadamia
Natural Oil Deep Repair
Masque, \$39.95

LIBRA

dos: You'll need extra patience when dealing with a guy in your life this month, as your hectic schedules will be taking a toll on your relationship. New boundaries need to be drawn and it won't be simple. Luckily, you'll both be on the same page and want it to work, so stay focused, make some time to hang out together and slowly the compromises will happen.

don'ts: Know your time will be extra tight. So, forget planning too much and too far ahead, as making too many promises now will only get you in trouble – many surprises will be popping up and changing your schedule at a moment's notice. To avoid disappointing others, keep yourself as flexible as possible.

HAIR MATCH:
Revlon 25mm Curling Iron,
\$39.95

SCORPIO

dos: The lucky stars will be shining upon you, so bask under their glory. Although you tend to be a private person, this month you won't want to hide out in any shadows; instead you'll be reaping the rewards of your hard work and enjoying the worship. It's time to feed the ego with some well-deserved praise and inspire yourself to even bigger goals.

don'ts: If a friendship is struggling, don't push it. Sometimes it just has to run its course or you need to have time out with each other. Whichever the case, it's up to fate now. Accept you have done all you can and relinquish the need to feel guilty for whatever the outcome. Whatever happens though, you'll be OK.

HAIR MATCH:
Brushworx Tourmaline
Paddle Brush, \$21.95

SAGITTARIUS

dos: You'll be brimming with creativity and want to put your special touch on everything in your life and update, update, update! Yes, this means major makeover time, as in yourself, your space and even your locker. Along with this image overhaul giving you a refreshed attitude, expect it also to give you the biggest boost in confidence you've had in ages. Viva your self-expression!

don'ts: Love is a funny game and there's no accounting for how anyone behaves with intense emotions at play. So, this month, as things get more serious with your boy, remember don't take everything so personally, as it's choosing your battles carefully that'll ultimately win you the romance of your dreams.

HAIR MATCH:
Tweezerman Hot For Dots
Mini Slant Tweezer, \$26.95

CAPRICORN

dos: You're a girl who works hard, but can often forget to play hard and maintain a healthy balance. That is why this month the stars are urging you to be luxurious and treat yourself to something a little decadent, like a designer something, a mani/pedi spa day, or a new gadget. Think of this as an investment into your happiness – and know that you deserve it!

don'ts: You can't indulge a needy friend onto solid ground, so time to get real and be ready to dish out some tough love. After all, honesty is the best policy and it's the only way to be a true friend right now. Sure, the truth will hurt, but it'll also work. So bite the bullet!

HAIR MATCH:
Silver Bullet
Wicked Hair
Straightener, \$99.95

AQUARIUS

dos: Charm and style will ooze from you, causing many to worship at your feet. Go ahead and enjoy your rise in popularity, as it won't just be fabulous for you, but karmic too, because your closest friends will also be benefitting. Your it-status will emanate so strongly from you that everyone you know will also be social gold!

don'ts: Nosy people are going to be all around, so be careful with the information you share now. Realise these people will appear to be friends, but instead will be out to twist what you say and cause drama. The good news is that your instincts will be on, so if you get a bad feeling about someone, trust it.

HAIR MATCH: Inecto Pure Coconut
Oil Moisture Infusing Shampoo &
Conditioner, \$6.95 each

ARIES

dos: Out with the old, in with the new! Yep, time to start a new cycle and change up everything – as in your style, attitude and even your dreams. With lucky stars beaming down onto you, anything is possible now so don't hold back. The theme of your month: grandeur. Add a dash of it to all that you do and nothing will be out of reach.

don'ts: When you have the world at your feet, it's no surprise that there are going to be haters on the sidelines trying to kill your vibe. Ignore it, as giving into their negativity will only slow you down. Instead, be compassionate; feeling sorry for those who can't think of anything better to do will only make you cooler.

HAIR MATCH:
BaBylissPRO Ceramic
Conical Curler, \$89.95
